

Miller & Rhoads

Madam—Is Your Underwear Form-Fitting or Straight Lines?

The illustrations above tell their own story.

One—the usual form of knit underwear for women—cut on straight lines at shoulders, sleeves and armholes, stretched into shape by the wearer.

The other—Athena Underwear—tailored into shape by the maker. The slanting downward of the shoulder and sleeves shapes the garment to the correct lines of the wearer. Full bust and tapering back.

SEVEN SPECIAL FEATURES ASK TO SEE THEM

THREE-CORNERED GUSSET—Relieves strain in garment at thigh. Insures greater comfort, longer wear.

PATENTED SEAT—Most notable improvement ever made in underwear designing, so shaped that it clings to the figure in any position.

PERFECTED SHOULDER-STAY—Keeps garment from stretching across shoulder, and holds sleeve in place.

CURVED-CUT ARMHOLE—Brings the garment snugly to the body, without unnecessary cloth, causing uncomfortable perspiration and tearing the armhole of one's best frock.

FITTED SHOULDER AND SLEEVE—Give natural form to bust and proper tapering to back.

EXTRA-ELASTIC CUFF—Holds the sleeve in place and keeps it from slipping up on the arm.

ATHENA LOW-NECK SLEEVELESS GARMENT is narrowed at back, with extra-full bust—lower in front than at back. No slipping of shoulder-straps down over arms.

And Athena Underwear costs no more than ordinary underwear

Ask to see these delightful undergarments. They are sold exclusively in Richmond in the Knit Underwear Section at Miller & Rhoads. Second Floor.

ALL GRADE CROSSINGS MAY BE ELIMINATED

Council Committee Considers Reconstruction of Broad and Belvidere Street Tracks.

HEARING ON THURSDAY NIGHT

Proposition Before Council for Two Years Was Allowed to Lay Over When Drawings for Proposed West End Station Were Exhibited.

After repeated delays, the Council Committee on Streets will this week begin work on Alderman Puller's resolution directing the reconstruction of the Richmond, Fredericksburg and Potomac and connection line tracks on Broad and Belvidere Streets, so as to eliminate all crossings at grade. A hearing on this resolution had been fixed for September 29, but was postponed at the request of counsel for the railroad companies. The committee will hold a public hearing on the question at 8 o'clock next Thursday night. Among the railroad men who are expected to be present are President William H. White, of the Richmond, Fredericksburg and Potomac; Vice President and General Counsel Alexander Hamilton, of the Atlantic Coast Line; Eppa Richmond, of the Chesapeake and Potomac; and W. D. Duke, assistant to President White.

HAS BEEN UNDER DEBATE FOR MORE THAN TWO YEARS

The controversy is of long standing. It came to a focus about two years ago, when a resolution was introduced in the old Council directing an inquiry into the advisability of eliminating the grade crossings on West Broad and Belvidere Streets. Shortly after its introduction began the Union Station agitation, ending in a promise by the Richmond, Fredericksburg and Potomac to erect a \$1,000,000 joint station in the West End.

It was proposed to erect this station on the Hermitage Golf Club site. The construction of this station would have removed much of the objection against the present grade crossings on Broad and Belvidere Streets by diverting most of the traffic that now passes over these tracks to steel tracks communicating with the belt line. Elba Station, under this plan, would have been abandoned, and Byrd Street Station would have been maintained for purely local traffic.

RESOLUTION HELD BACK FOR UNION STATION

In view of the promised new station in the West End, the resolution aimed at the grade crossings was permitted to die in committee. Since the day a magnificent drawing of the proposed station was exhibited to the Council the two railroads have made no further official statement on the subject, and as far as is known, nothing has been done by the roads to make good their promise.

The apparent failure of the relief expected from the West End station has given impetus to the new agitation, and it appears now that a majority of the Councilmen are prepared to take steps toward eliminating the grade crossings. The constantly increasing length of the through trains and the growth of the traffic over the West Broad Street and Belvidere Street tracks is interfering with the pedestrian and vehicular traffic, and menacing the life and limb of pedestrians.

Numerous opinions handed down by the City Attorney assert the city's unquestioned right to dictate the manner in which its streets shall be used for railroad and other purposes. The Council, it is held, has full power to order the reconstruction of the tracks on Broad and Belvidere Streets, and to require the railroad companies to pay the cost of such reconstruction. Such a right was upheld by the Supreme Court of the United States in a South Bend, Ind. case, in which a similar set of circumstances existed.

Automobile Stolen

G. B. Williams, 1908 Buick, was stolen last night. The car was reported missing by the owner, who lives at 1000 North 10th Street. The car was last seen on the morning of the 25th. The police are searching for it.

Full Police Inspection

The annual full inspection of Richmond's fleet will be held before the City Hall on the afternoon of November 5. The inspection will be held by the police department, and will include a check on the condition of the city's fleet of vehicles.

HEALTH BOARD TO CHOOSE CITY BACTERIOLOGIST

May Go Outside of City to Find Highly Qualified Man for Position.

HAS CHARGE OF MILK TESTS

Position Is One of Peculiar Importance to Health of Community. Salary Has Been Increased, and Full Time Is Required.

The Board of Health, it is expected, will at its regular monthly meeting to-night elect a City Bacteriologist to succeed Aubrey H. Straus, who resigned last August to become a member of the faculty of the Medical College of Virginia. The duties of the office have in the interim been performed by a substitute.

Under an ordinance passed recently by the old Council, the office of City Bacteriologist was made a full-time position carrying a salary of \$2,000 a year. It was formerly a part-time office paying only \$1,500 a year. The Board of Health reported to the Finance Committee that the work of the office had grown to such an extent that it required the full attention of the director, and that it would be impossible to secure a properly trained man at the old salary. Upon the board's recommendation, the ordinance was passed placing the office on full time at an increased salary.

OPENING OF SIMULTANEOUS CAMPAIGN IN BAPTIST CHURCHES

The mass services yesterday were the beginning of a three weeks' evangelistic campaign in Richmond. Twenty-one white Baptist churches and three colored Baptist churches will take part. Thirty evangelists and gospel singers are here to aid in the campaign. Each morning of the campaign there will be a great central meeting in the First Baptist Church, while each evening services will be held simultaneously in all the churches. There will be a central meeting in the Y. M. C. A. Building, at the colleges, in the plant and in the factories. It is planned to reach every man, woman and child in the city, and to open their minds to the teachings of Christ. Group meetings for the colored people will be held in the First Church, Broad and Fourteenth Streets; Fifth Street Baptist Church, Cary and Harvie Streets, and Calvary Church, Fulton.

Following is a list of the committees: Central Committee—William L. Ball (chairman), W. E. Gibson (secretary), Lloyd T. Wilson (treasurer), George W. Kincheloe, S. H. Templeman, J. W. Kincheloe, J. Parsons.

Advertising Committee—Lloyd T. Wilson (chairman), J. Aubrey Saunders, T. E. Perrin.

Publicity Committee—J. W. Kincheloe (chairman), W. E. Gibson, J. C. Loving.

Census Committee—L. Howard Jenkins, Jr. (chairman), J. W. Kincheloe, A. Harrison Saunders.

Parsonage Committee—W. C. James (chairman), J. R. Johnson, W. E. Robertson.

College and Schools Committee—S. H. Templeman (chairman), G. W. Kincheloe, P. W. Boatwright.

Shops and Factories Committee—H. F. Jones (chairman), J. J. Wicker, J. J. Parsons.

Streets and Rescue Committee—W. T. Hall (chairman), H. M. Starke, Vivian McKinnon.

Held Alleged Gambling House

Police raided the house at 315 Louisiana Street last night and arrested R. Diab, whom he charged with operating and maintaining a common gambling house at that place. G. M. Slynor and Edward Abraham were also arrested. The police were charged with gambling at the above place. The police also arrested a man and a woman in the house.

Man Charged With Disorder

Robert L. Mann, colored, was arrested early yesterday morning by Police Sergeant Clark and Policemen Tignor and Dunn, charged with maintaining a disorderly house at 1306 Catharine Street. He will be arraigned in Police Court to-day. The police also arrested two men and women in the house.

BAPTISTS LAUNCH ACTIVE CAMPAIGN

Simultaneous Services to Be Held Nightly in Twenty-One Churches.

AUDITORIUM MASS-MEETING

Great Union Gathering Hears Address by Rev. Weston Bruner.

Come to hear a simple talk on the gospel and to listen to a plea for a return to Christianity in its original form, a large and representative audience filled the City Auditorium yesterday afternoon at the mass-meeting of the Baptist churches and Sunday schools. Every Baptist Church in the city, white and colored, was represented, a whole section being reserved for members of the colored race. It was such an afternoon as brought everybody out-of-doors, and by 3 o'clock the auditorium was rapidly being filled. Many who had to sit far in the rear were unable to catch the words of the speakers, and a few of them went away after the singing of the first hymns. The choir of all the churches occupied the platform and joined in the singing, and the building thundered with the volume of sound when the congregation joined the choir of twenty-one churches. The services were presided over by Rev. Lloyd T. Wilson, D. D., and prayer was said by Rev. J. J. Wicker. The awarding of diplomas, seals and certificates to the graduates of the Richmond Training School for Sunday School Workers was a feature of the services, and, momentarily forgetting the day and the occasion, the vast audience broke into applause as the award was made.

REV. WESTON BRUNER MAKES OPENING ADDRESS

After the invocation by Rev. Alfred Bagby and the singing of the hymn, "Come, Thou Almighty King," the graduating exercises were held, and a male quartet sang. The audience then joined in singing "Revive Thy Work O Lord," and Rev. Weston Bruner, general evangelist of the home mission board of the Southern Baptist Convention, was introduced as the speaker of the evening.

Mr. Bruner spoke of the necessity that every one should bear witness to Christ and to the value of the Christian religion. He said that, as a Christian, St. Paul was the star witness of Christianity, and that God has placed all men under an obligation to be witnesses for Christ. He declared that there were two reasons why men should be witnesses for Christ, from a sense of duty and in compassion for those who had not heard the word of God.

"It is our duty to Him who gave us His blood," he said, "and it is a duty to our fellow man. If we bear witness for Christ, there will come into our hearts a great joyousness, the joy of the Christian, the joy of the man who has found his way to God."

His teaching of Christ, he said, was the best of all. He said that he had been a witness for Christ for many years, and that he had found that the best way to reach people was by the use of the Bible. He said that he had found that the best way to reach people was by the use of the Bible.

He said that he had found that the best way to reach people was by the use of the Bible. He said that he had found that the best way to reach people was by the use of the Bible.

He said that he had found that the best way to reach people was by the use of the Bible. He said that he had found that the best way to reach people was by the use of the Bible.

Chauffeurs' Outfits

A very large assortment of Suits, Overcoats, Caps and Gloves, made to give satisfaction in appearance and service.

Gans-Rady Company

VIRGINIA PHYSICIANS MEET IN WASHINGTON

Surgeon-General Gorgas, of United States Army, to Make Opening Address.

RICHMONDERS ON PROGRAM

Visit to Fort Myer and Review of Cavalry Among Entertainment Features—Army and Navy to Have Health Exhibits.

For the first time in the history of the organization, the Medical Society of Virginia will hold its annual meeting this year outside the Commonwealth, the convention being scheduled to convene to-morrow at the New Willard Hotel, Washington, for a three-day session. It is stated that an effort will be made by the Washington Chamber of Commerce to have the society meet regularly in that city every two or three years. The society met in 1912 in Richmond, at the Jefferson Hotel.

Entertainments arranged by the Washington committee in honor of the delegates include an automobile ride to Fort Myer, Va., on Thursday, to witness a special cavalry drill, given for their benefit. The Washington Chamber of Commerce has sent letters to all its members as well as to Washington physicians, requesting them to donate the use of their automobiles on the day after tomorrow. A large number of car owners have responded.

ENTERTAINMENT PROGRAM INCLUDES INTERESTING EVENTS

Besides the regular business of the convention, the program embraces the following events:

Tuesday—President's reception, 9:30 to 10 P. M.; dance, 10 to 12 P. M.

Wednesday—Luncheon to visiting physicians and ladies at 12:30 P. M., at New Willard Hotel, 10 P. M.

Thursday—Ambulance drill at Walter Reed Hospital, Colonel John L. Phillips in command, 10 A. M.

The officers of the Medical Society of Virginia are: Dr. Stephen Harnsberger, Catlett, president; Dr. R. C. Bryan, Richmond; Dr. J. Stange Davis, University of Virginia; Dr. J. C. Gandy, New York; Dr. J. C. Gandy, New York; Dr. J. C. Gandy, New York.

The executive council includes the following from this city: Drs. Charles V. Carrington, A. L. Gray and H. Stuart MacLean. Dr. J. Shelton Horsley, of this city, is one of the three delegates elected by the society at its last meeting to represent it at the convention of the American Medical Association.

The convention will open at the New Willard at 8 o'clock to-morrow night, with an address by the following: William C. Gorgas, Surgeon-General of the United States Army, Washington. The response on behalf of the State of Virginia will be made by Richmond, Dr. J. C. Gandy, New York.

The response on behalf of the District of Columbia will be made by Dr. J. C. Gandy, New York. The response on behalf of the city of Washington will be made by Dr. J. C. Gandy, New York.

The response on behalf of the city of Washington will be made by Dr. J. C. Gandy, New York. The response on behalf of the city of Washington will be made by Dr. J. C. Gandy, New York.

CITY MAKING NEW LOW RECORD FOR TYPHOID

First Ten Months of This Year Show Remarkably Little Mortality From This Disease.

PROBLEMS OF ANNEXATION

Richmond's Supervision of Milk Supply Will Immediately Be Extended to New Area—Lack of Sewerage Presents Serious Problem.

Known far and wide as the city that is free from typhoid, Richmond promises this year to lower still further the mortality rate from this disease, for which it has given it high standing among American municipalities. The lowest typhoid rate in the history of the city was in 1912, when the mortality from this disease was 16.8 per 100,000. Unless more deaths from this disease than the unenforced malaria upset present calculations, the typhoid mortality rate for 1914 will be not more than 14—approximately 16 per cent lower than the lowest rate ever recorded.

PAST TWO YEARS LOWEST

CITY HAS EVER KNOWN

"Up to date we have had only sixteen deaths from typhoid this year," said Chief Health Officer E. C. Levy, last night. It is the smallest number in the same period of any year on record. Compared with the number for the same period in 1912, which registered the lowest typhoid rate in the city's history, had twenty-two deaths from this disease.

"The gain is all the more gratifying when it is borne in mind that the two years have given Richmond the lowest mortality from typhoid recorded by the Board of Health. If there are no more deaths from this disease the rest of the year—and it is not too much to hope that there will not be—our typhoid rate for the year will be 11.9. This, of course, would be a wonderful record. It was averaged for the rest of the year the death rate of the past ten months, the rate for the year will be 14.1, which will be just 2.6 lower than the extraordinary low record of 1912."

Three diseases, he said, Dr. Levy is responsible for the steady decline in the typhoid death rate and particularly for the good record of this year.

He said, in addition, is the extension of sewer facilities to sections hitherto without that service, supplanting primitive and dangerous sanitary arrangements.

HEALTH DEPARTMENT FOLLOWS UP EACH CASE

The second factor, he said, is the rigid rule of the Health Department to follow up every case of typhoid, and to see that in every instance instructions for treatment and precautions are carried out to the letter. Third is the pure milk supply. Dr. Levy is the pure milk supply. Dr. Levy is the pure milk supply.
